The Reign of Christ; the Image of God and the Ordering of Humanity

1. Have you had an experience with the LGBT issue that has made you uncomfortable at work, in your community or in your family? What do you find most concerning about our culture's attempt to re-define gender? What, if any, positives can you see?

2. What is your attitude or posture toward LGBT people? Do you think of this group in a way that is distinct from how you think of others whose lifestyle does not comport with Scripture?

3. Read these statements about Jesus, Luke 5:29-32; 7:34; Luke 19:10. How is he described by his adversaries and by Scripture? How comfortable are you with Jesus' position and practice with those considered sinners? In what respect do you subscribe to or reject Jesus' method? Is there something you need to change in order to be like Jesus?

4. What might our church need to look like if it were actually reaching people from the 'LGB' and especially 'T' (transgender) community with the gospel?
